Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/9/08 has been entered.

Claims 27, 29, and 53 were canceled.

Claims 1-26, 28, 30-52, 54, and 55 remain pending.

This application is in condition for allowance except for the presence of claims 1-18, 22-26, 30-52, 54, and 55 directed to an invention non-elected with traverse in the reply filed on 2/27/07. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: The rejection of claim 19 is withdrawn in view of Applicant's arguments that one of skill would interpret "conjugating agent" to embrace agents that cause insertion of a linker, as well as agents that allow conjugation without a linker. For example, nucleophilic attack by a primary amine nitrogen on a carbon substituted with a hydroxyl group can be performed in the presence of ammonia, which could be considered to be a conjugating agent. The rejection of claims 20, 21, 28, and 52 is withdrawn in view of Applicant's arguments and amendments.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
